

[illegible]

An aerial photograph of a residential neighborhood. A street runs diagonally from the top right towards the bottom left, intersecting with another street that runs horizontally across the middle. The area is densely packed with houses, many of which have dark roofs. A large, dark, leafy tree stands prominently on the right side of the horizontal street. Several cars are visible parked along the streets. The overall image has a grainy, high-contrast quality typical of older aerial photography.
